

Division of Dermatopathology

The Dermatopathology division of Clin-Path Associates, PLC, provides specialized diagnostic services for all biopsies of skin, hair, and nail. Our comprehensive services include state-of-the-art techniques in immunohistochemistry and direct immunofluorescence. We are the largest private group of dermatopathologists in the state of Arizona.

Our team of board-certified physicians offers over 30 years of combined dermatopathology practice, bringing the combined experience of Washington University School of Medicine (Barnes/Jewish) in St Louis, Missouri, Ackerman Academy of Dermatology in New York, Harvard Dermatopathology Fellowship training program, and the Mayo Clinic (Rochester).

Clin-Path Associates, PLC consists of 30 board certified pathologists with subspecialty fellowship trained hematopathologists, cytopathologists, gastrointestinal pathologists, dermatopathologists, and a pediatric pathologist who are available within the group to provide rapid consultation when required.

Our clients include hospitals, surgery centers, endoscopy centers, and dermatology offices. We strive to provide diagnoses that are accurate, timely, clear, and informative. Excellent service compliments our diagnostic strength, with most specimens signed out within 24 hours of receipt. We emphasize building and maintaining strong relationships with the clinicians we serve and are always available to answer your questions. We take seriously the trust our clinical colleagues place in us as their pathology consultants. Our primary focus is always on providing the best possible care for our mutual patients.

Dr. Alder completed fellowships in both Surgical Pathology and Dermatopathology at Washington University School of Medicine (Barnes/Jewish) in St Louis, Missouri. He completed his residency in Anatomic and Clinical Pathology at the University of Utah. Dr. Alder received his M.D. degree from the University of Utah Health Sciences Center.
